## RINGS Round Your Eyes

## Female Troubles

The ills peculiar to women take many different forms, and the symptoms vary in different women.

Some ladies suffer, each, month, from dark rings round their eyes, yellow complexion, blotches on the skin and a general tired feeling, whilst others suffer agonies of pain, that words will hardly express.

Whatever may be the symptoms, however, it is well to remember that there is one medicine that can be depended on, to go beyond the mere symptoms, and to act directly upon their cause, the weakened womanly organs themselves.
